Big Air Triple RC Ramp Set

Pro-Line is proud to introduce the Big Air Triple RC Ramp Set, which will turn any space into an adrenaline-fueled freestyle park!
Take it to the next level with this portable ramp system. Designed for bashers, thrill-seekers, and racers, this set lets you create a custom course complete with three unique ramp shapes for all types of configurations.
There is a Tall Kicker ramp for the ultimate air and high-flying stunts, the medium launch ramp for clearing gaps, and the low roller ramp for landing doubles.

Active Vehicle Control® (AVC)

Drive Faster with more Control

Das Spektrum™ **AVC®-System (Active Vehicle Control®)** ist ein elektronisches **Stabilisierungssystem** auf Basis integrierter Gyroskope, **die die Fahrzeugtrajektorie des Fahrzeugs automatisch korrigieren**. Dies hilft, die Kontrolle zu behalten, auch bei hohen Geschwindigkeiten oder auf rutschigem Untergrund.

*Le système Spektrum™ **AVC® (Active Vehicle Control®)**, est un **système de stabilisation électronique** basé sur des gyroscopes intégrés **qui corrigent automatiquement la trajectoire du véhicule**. Cela aide à garder le contrôle, même à grande vitesse ou sur terrain glissant.*
