4-SITE 3D FLAT FOAM

E-flite® 4-Site 3D FF (Flat Foamy) 800mm BNF Basic/PNP (EFLO2950/EFLO2975)

THE EASY-TO-ASSEMBLE AND FLY BIPLANE FLAT FOAMY!

KEY BENEFITS

1. **EASIER TO FLY:** WITH AS3X+® AND OPTIONAL-USE SAFE® SELECT TECHNOLOGIES
2. **VERSATILE PERFORMANCE:** CAPABLE OF SLOW CRUISING, SPORT FLYING, AND ALL OUT 3D AEROBATICS
3. **EASY TO ASSEMBLE:** NO GLUE, TAPE OR SPECIAL TOOLS REQUIRED

The E-flite® 4-Site 3D FF is a biplane alternative to the extremely popular Eratix 3D FF that offers the aggressive aerobatic plus smooth sport and slow-flying performance of similar class models – without all the hassles of buying components for and building one because it bolts and snaps together in no time!

FEATURES

- E-flite 4-Site 3D FF is a biplane flat foamy model offering aggressive aerobatics, smooth sport flying, and slow-flying capabilities, all in one.
- Quick, easy assembly with no glue or tape; snaps together in minutes—ready to fly in less time than it takes to charge a battery.
- Factory-installed brushless motor, servos, and receiver (BNF version) for convenience; compatible with 3S 850–1000mAh batteries.
- Spektrum Avian Smart Lite ESC provides real-time telemetry data (motor RPM, battery voltage, current) with Smart and non-Smart batteries.
- BNF version includes exclusive AS3X+ technology for smoother flight in windy conditions, plus optional-use SAFE Select for automatic self-leveling and flight envelope protection.
- Lightweight, durable EPP airframe reinforced with carbon fiber and composite materials for strength and flexibility.
- Equipped with three metal-geared digital servos on all control surfaces for precise, responsive control.
- Ideal for intermediate to experienced pilots with aerobatic or 3D flying experience; not suitable for beginners or first-time aerobatic flyers. (Skill Level 2 & 3)
- Perfect for indoor gymnasiums, parks, yards, or sports fields; offers versatility for a variety of flying environments.

SPECIFICATIONS

WING SPAN	31.5in (800mm)
LENGTH	36.1in (917mm)
WEIGHT	15.8oz (447g) w/o battery
WEIGHT RTF	18.3oz (519g) w/ 3S 850mAh 30C battery
REC BATTERY	3S – 850mAh LiPo w/IC2 connector (SPMX8503S30)
REC CHARGER	S155 AC G2 Charger (SPMXC2050)
CHARGER ADAPTER	IC3 Charger – to - IC2 Battery Adapter (SPMXCA520)
MATERIAL	Printed EPP Foam and Plastic
SERVOS	3pcs Aileron, Elevator, and Rudder (SPMSA347)
ESC	30A Avian Smart Lite (SPMXAE30E)
RECEIVER	SPMAR630+ DSMX 6-Channel AS3X+ & SAFE Receiver (SPM-1030)
MOTOR	2408-1300Kv Outrunner Brushless Motor 4-Pole (SPMXAM3400)
ASSEMBLY TIME	Less than 1 hour

WHAT'S IN THE BOX

(1) E-flite 4-Site 3D FF 860mm with:
(1) Spektrum Brushless Outrunner Motor (installed)
(1) Spektrum Avian 30-Amp Smart Lite Brushless ESC (installed)
(3) Spektrum Sub-Micro Digital, Metal-Geared Servos (installed)
(1) Spektrum AR630+ Receiver with AS3X+ and SAFE Select (installed) (BNF Basic version only)
(1) Product Manual

NEEDED TO COMPLETE

BNF Basic-Version:

- Full-range 4–5+ channel Spektrum DSMX®/DSM2® compatible transmitter
- 3S 11.1V 850–1000mAh LiPo battery with IC2 connector (or IC2 adapter, sold separately)
- Compatible LiPo charger

PNP-Version:

- Full-range 4+ channel transmitter and receiver
- 3S 11.1V 850–1000mAh LiPo battery with IC2 connector (or IC2 adapter, sold separately)
- Compatible LiPo charger
