SPARTAN SR

EXTREME FULL-THROTTLE FUN WITH SELF-RIGHTING SECURITY

Spartan SR is built for speed and performance. Pull the trigger and Spartan SR immediately jumps on plane and rips across the water to its heart-pounding 50+mph top speed! There's nothing else like it and nothing holding you back. If a wave pitches the wrong direction, self righting is on board and within seconds, Spartan SR is back to extreme, full-throttle fun.

- Explore extreme speed and exciting stunts with the security of self righting.
- New deep-V hull centralizes weight for razor-sharp handling and improved performance.
- New sealed hatch keeps water from splashing into the hull.

WATCH THE ACTION VIDEO!

Spartan SR hits Lake Mead for high-speed thrills and acrobatic tricks!

- **NEW** Self-righting flood chamber
- **NEW** Sealed clipless hatch
- **NEW** Centralized battery positioning
- **NEW** Heavy-duty flex shaft
- **NEW** Removable electronics tray
- 50+mph VXL-6s™ Marine power system
- High performance 36" deep-V hull
- Waterproof electronics
- TQi™ 2.4GHz radio with TSM®
- Anodized aluminum rudder and drive strut
- Stainless steel turn fins, trim tabs and hex hardware
- Efficient water cooling system
- Quick-release motor collet

SPARTAN SR

AVAILABLE COLORS

CUSTOMER TARGET DEMOGRAPHICS

Current Traxxas Owners

Spartan SR delivers the same Traxxas-level fun and excitement they already know with the safety and security of self righting.

Brand-X Boat Owners

Spartan SR delivers more thrills and out-of-the-box speed with Traxxas' superior engineering, proven durability, and industry-leading support.

Scale Enthusiasts

Combine Spartan SR with the Traxxas boat trailer for a scale boating experience with authentic looks, accessory lights and winch, and multiple hitch options for Traxxas trucks.

TRAXXAS MARINE LINEUP

BLAST

Traxxas quality and fun for smaller ponds and even some pools

SPARTAN SR

6s / 50+MPH

The new standard for 50+mph speed and no-limits fun on the water

M41

6s / 50+MPH

Large 40" catamaran hull built for 50+mph 6s speed and power on wide open water

BATTERIES AND COMPLETERS

Offer your customers dual 7600mAh 2s batteries for more runtime in smaller spaces or dual 5000mAh 3s batteries for 50+mph big water fun

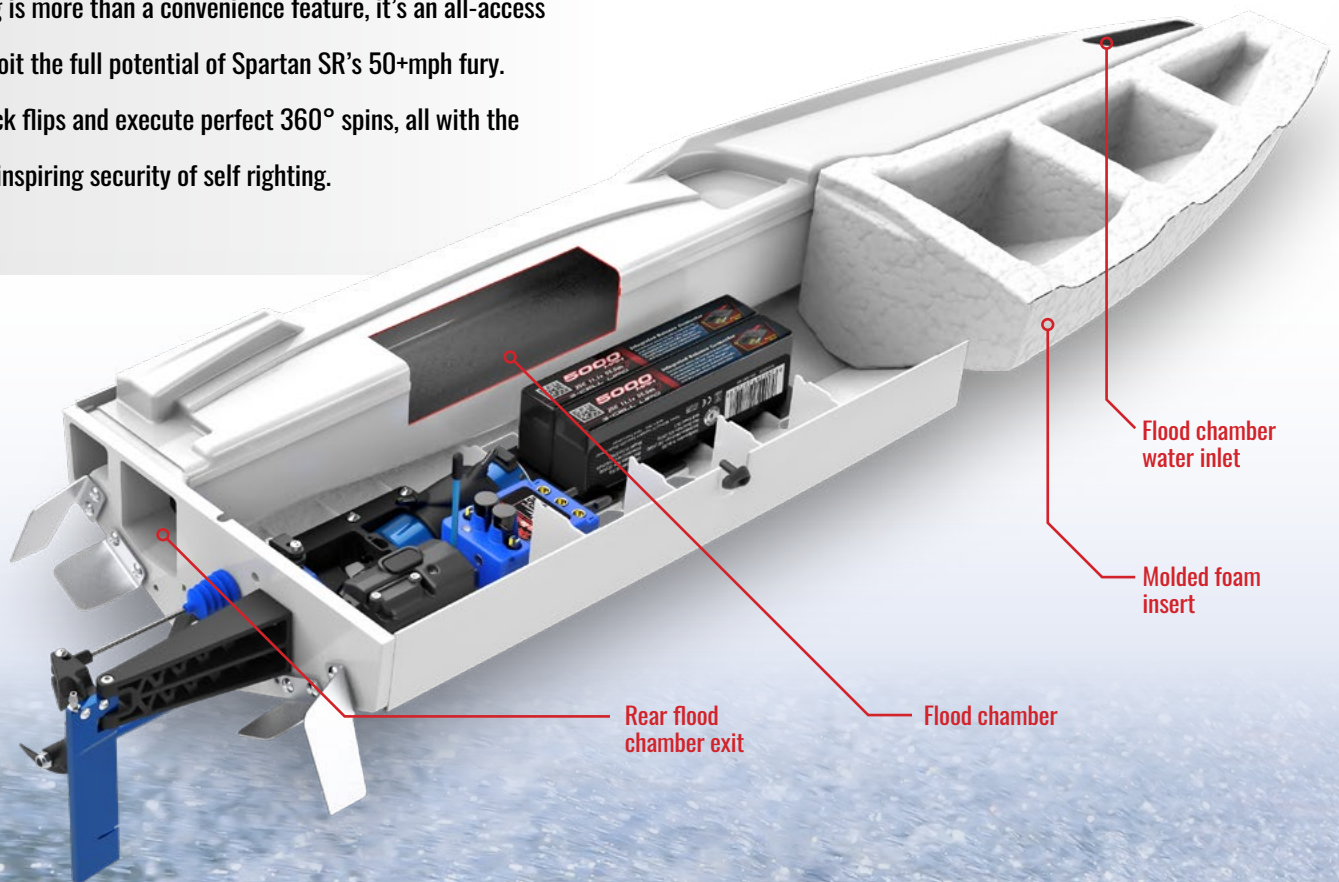

Dual 3s completer (2990) is the perfect match for Spartan SR's extreme 6s power

SPARTAN SR

NEW SELF RIGHTING

Self righting is more than a convenience feature, it's an all-access pass to exploit the full potential of Spartan SR's 50+mph fury. Practice back flips and execute perfect 360° spins, all with the confidence-inspiring security of self righting.

HOW IT WORKS

If Spartan SR flips over, the flood chamber immediately begins filling with water until the boat rights itself. A molded foam insert in the bow provides excess buoyancy. Once Spartan has righted itself, hit the throttle to drive away and the water in the flood chamber instantly exits the rear of the boat. The entire process takes only seconds and Spartan is back in the action.

SPARTAN^{SR}

EXTREME 6S POWER ON THE WATER

Install two 3s LiPo batteries in the centralized battery tray and Spartan delivers 50+mph speed as soon as it hits the water. There's no tuning or complicated set-up required.

With Traxxas, it's Ready-To-Race[®] out of the box.

6s / **50+**
22+ VOLTS / MPH

VXL-6s™ Marine Speed Control

- Fully waterproof
- Accepts 4s or 6s LiPo configurations
- Efficient water cooling
- Three programmable drive profiles

Velineon[®] 540XL Brushless Motor

- 1800 kV 4-pole brushless motor
- 5 mm output shaft
- Water-cooling jacket

VXL-6s
MARINE

COMPARE TO PRO BOAT[®] SONICWAKE V2

- Achieving top speed requires specialized knowledge and time-consuming setup
- Requires more distance to get up to speed

TRAXXAS

TRAXXAS NEW PRODUCT SALES TRAINING | FOR INTERNAL USE ONLY

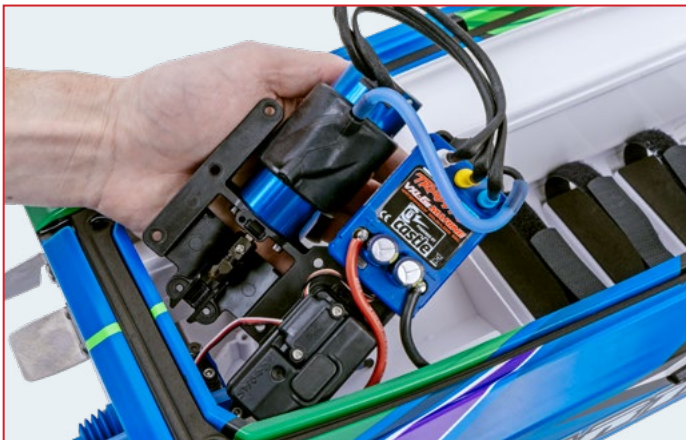

SPARTAN SR

UPDATED DEEP-V HULL

Spartan SR's narrow deep-V hull provides extra stability to cut through chop and catch air over breakers.

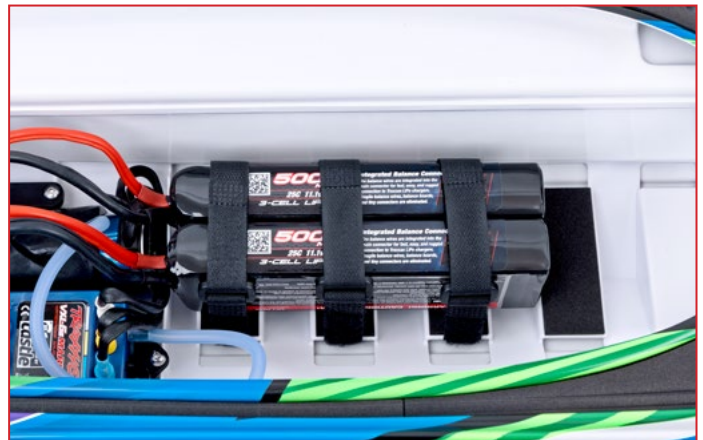

The hull rides higher on plane, giving Spartan SR a lighter, more responsive feel in the water.

- Razor-sharp handling, no-lift turns, and superior high-speed stability
- New low-CG electronics layout drastically improves handling
- Weight is concentrated inboard along the centerline

REMOVABLE ELECTRONICS TRAY

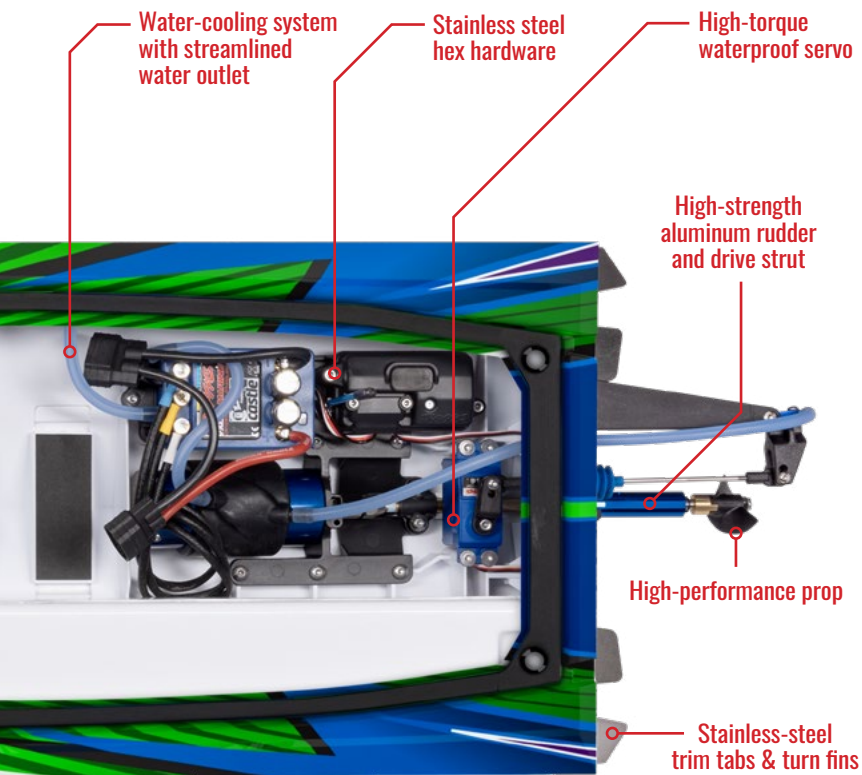

- Provides a rigid mounting structure
- Lifts out as a single piece
- Simplifies maintenance

CENTRAL BATTERY POSITIONING

- Lowers CG for improved stability
- Generous 218 mm length
- Adjustable battery position changes how high the bow rides in the water (trim)

SPARTAN SR

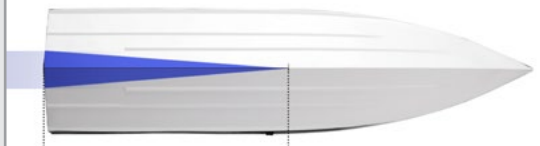

HEAVY DUTY FLEX SHAFT WITH HIGH PERFORMANCE PROP

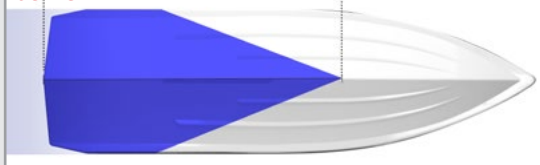

- Heavy duty flex shaft is 25% larger for improved power handling
- Shorter distance between motor and prop for greater efficiency
- Consistent prop surface finish resists nicks and bending
- Prop is inexpensive to replace with no performance loss to metal props

COMPARE TO PRO BOAT® SONICWAKE V2

SPARTAN SR

SONICWAKE V2

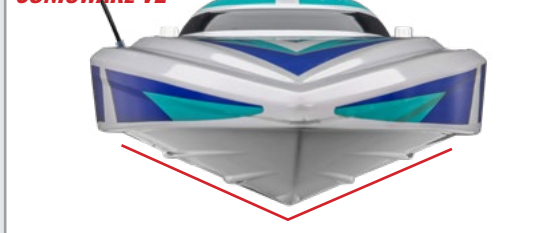

Spartan SR's smaller ride pad reduces drag and allows it to plane quickly and efficiently.

SPARTAN SR

SONICWAKE V2

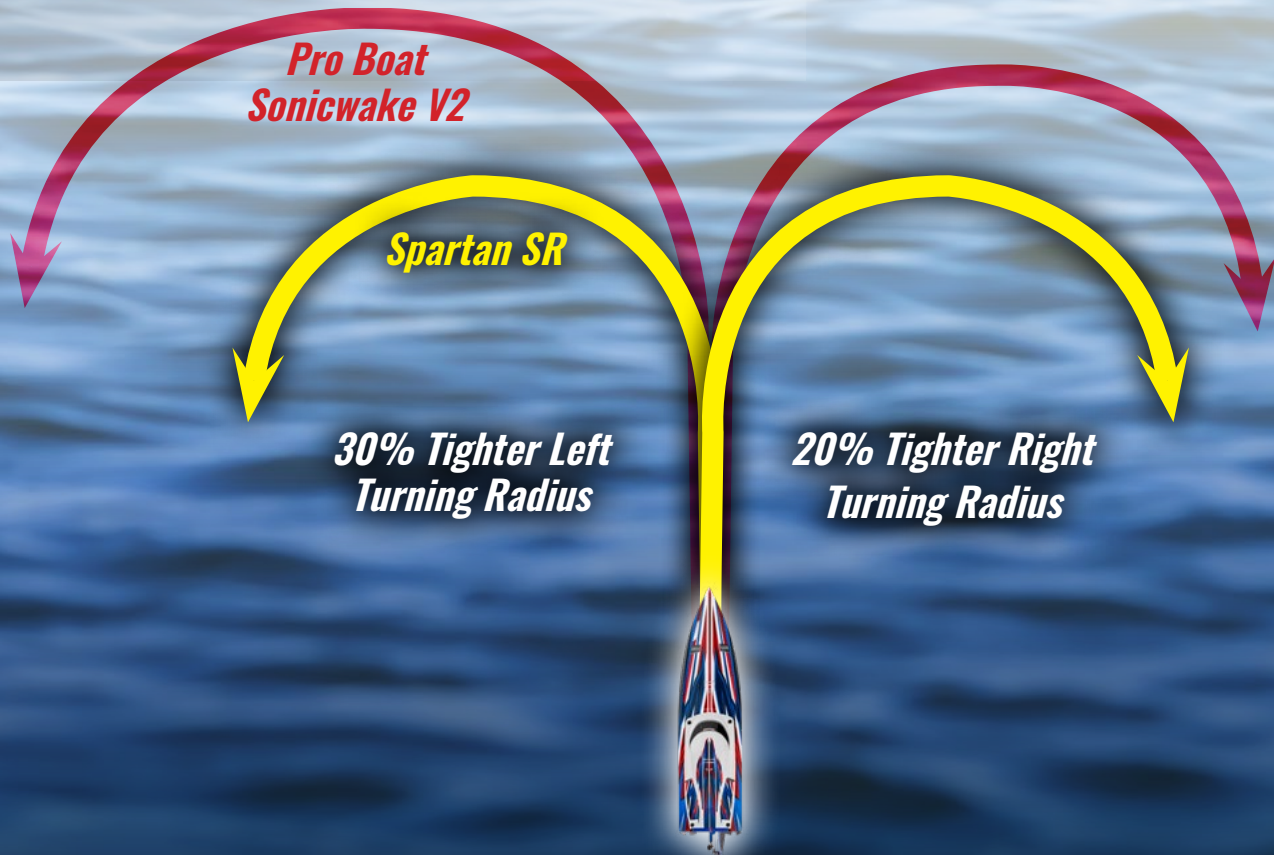

Spartan SR's steeper deep-V profile and narrower hull cuts through waves for greater responsiveness.

SPARTAN SR

TURNING RADIUS

Spartan SR delivers sharp, responsive turning for precise control on the water. Traxxas customers will feel just as comfortable driving Spartan as they would Slash.

- Sharp, intuitive steering feel
- Tight turning radius – in both directions!

TQi 2.4GHZ RADIO SYSTEM WITH TSM®

The high-output Traxxas TQi 2.4 GHz radio system delivers superior range, precision, and control and it's Traxxas Link™ enabled for optional telemetry.

- TSM enhances Spartan SR's straight-line stability
- 30 model memory
- Programmable Multi-Function knob
- 5-channel micro receiver with fail-safe security
- Patented waterproof receiver box

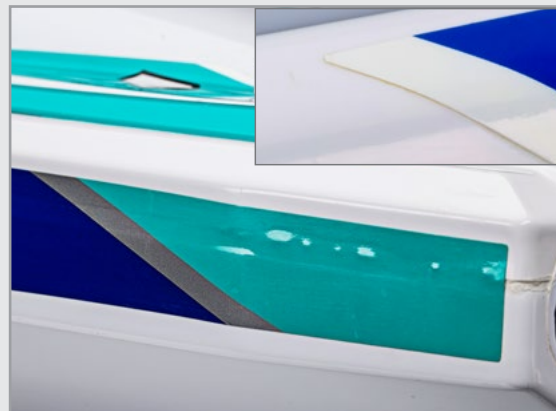

SPARTAN SR

FACTORY-APPLIED GRAPHICS

Spartan SR uses bright, colorful graphics for excellent visibility and the hottest look on the water. The graphics are printed directly on the hull to get Spartan SR out of the box and into the water with speed and style.

COMPARE TO PRO BOAT® SONICWAKE V2

- Simple design looks stale by comparison
- Only two color options
- Decals can bubble and peel over time

SEALED CLIPLESS HATCH

Spartan SR's injection-molded hatch secures tightly to the foam seal to keep water out. Four low-profile, quarter-turn hatch nuts hold the hatch perfectly in place without the need for time-consuming thumbscrews. Use the included hatch nut tool or switch to the optional tool-free wingnuts.

COMPARE TO PRO BOAT® SONICWAKE V2

- Take longer to lock fully
- Thumbscrews are easy to under or over tighten
- Larger and heavier

SPARTAN SR

TRIPLE-AXLE BOAT TRAILER

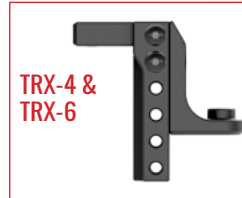

Traxxas innovation comes through again with this incredibly detailed scale replica triple-axle trailer for Spartan and M41-series boats. Transport Spartan or DCB-M41 to the lake in style with this fully-assembled boat trailer (sold separately). Spartan SR's bow features an integrated eye to use with the optional winch hook for a truly authentic boating experience.

VARIABLE HEIGHT HITCH INCLUDED

Ford
Raptor R

TRX-4 &
TRX-6

TRX-4
High Trail

- Adjustable bunk brackets
- Variable height hitch
- Fold-down trailer jack stand
- Black stainless steel hardware
- Stainless steel ball bearings
- Elastic tie downs hold the boat securely
- Lightweight aluminum frame
- LED-ready light lenses (10349 accessory light kit sold separately)
- Accommodates Pro Scale® Winch (8855, sold separately)

TRAILER PARTS

10345	Hitch, boat trailer/ 3x10mm BCS (2)
10347	Wire extension harness, Pro Scale® winch
10348	Wire extension harness, LED lights
10349	Wire harness, LED lights/ zip ties (8)
10350	Trailer, Spartan/DCB M41 (assembled with hitch)
10351	Hitch, boat trailer (top & bottom)
10352	Rebuild kit, boat trailer (plastic parts and hardware only)
10353	Axle carrier, boat trailer (2)
10354	Fenders, boat trailer (2)
10355	Frame rails, boat trailer (left & right)
10356	Crossmember, front (top & bottom), boat trailer

10357	Crossmember, rear (top & bottom), boat trailer/tail light lens
10358	Tie-down straps (front & rear), boat trailer
10359	Support posts, boat trailer/bunk boards
10360	Mounts, side marker lights, boat trailer/lenses
10362	Tires & wheels, boat trailer
10363	Decal sheet, boat trailer
10398	Hardware kit, stainless steel
1654	Wheel hubs, hex (2)/ stub axle pins (2)
3637	Axles (front) (2)
5116X	Ball bearing, black rubber sealed, stainless (5x11x4mm) (2)
5116R	Ball bearing, black rubber sealed, stainless (5x11x4mm) (8)

SPARTAN SR

NEW SPARTAN SR PARTS

5733R	Propeller, 42x59mm (steel for use with #5742 rudder mount)
6564	Mount, telemetry expander (fits Spartan SR)
10315	Hull, Spartan SR, white (fully assembled)
10315-GRN	Hull, Spartan SR, green graphics (fully assembled)
10315-ORNG	Hull, Spartan SR, orange graphics (fully assembled)
10315-RED	Hull, Spartan SR, red graphics (fully assembled)
10316	Hatch, Spartan, white (fully assembled)
10316-GRN	Hatch, Spartan SR, green graphics (fully assembled)
10316-ORNG	Hatch, Spartan SR, orange (fully assembled)
10316-RED	Hatch, Spartan SR, red (fully assembled)
10317	Hatch mounts (4)/ 3x8mm CCS (stainless) (9)
10318	Nuts, hatch mounting (hatch nuts (4), wing nuts (4))

10319	Wing nuts, hatch (4)
10322	Battery straps (325mm) (3)
10324	Electronics tray with RPM mount/ stuffing tube clamp
10325	Seal, push rod (1)/ stuffing tube (1)
10329	Propeller shaft/ flex cable heavy duty
10334	Stuffing tube (assembled with liner)
10340	Rudder (100mm) (assembled)
10341	Rudder pushrod, assembled/ servo horn
10342	Rudder mount/ steering arm/ drive strut mount
10361	Motor coupler, collet style/ Wrench, 10mm (2)
10380	Tool, hatch nut
10381	Bow eye

SPARTAN SR ACCESSORIES *These existing Spartan accessories also fit Spartan SR*

2075	Servo, digital high-torque, waterproof
2075R	Servo, digital high-speed, metal gear, waterproof
2075X	Servo, digital high-torque, metal gear, waterproof
5726	Mount, Drive Strut (2)
5731X	Trim tab adjuster (2)
5742	Rudder mount/ rudder pivot/ 4x14mm
6511	Traxxas® Link Bluetooth® module
6520	Sensor, RPM (long)/ 3x4mm BCS (1)/ 3x4 GS (1)
6521	Sensor, temperature and voltage (long)

6526	Sensor, auto-detectable, temperature
6527	Sensor, auto-detectable, voltage
6534	Telemetry trigger magnet holder/ magnet, 5x2mm (1)
6535	Mount, temperature sensor (electric motors)
6650X	Telemetry expander 2.0, TQi (for use with 6551X)
6551X	Telemetry GPS module 2.0, TQi (for use only with 6550X)
6553X	Telemetry expander 2.0 and GPS module 2.0, TQi
6564	Mount, telemetry expander (fits Spartan SR)
